

HOW TO PRODUCE THE PERFECT SEAL - **QUBE CLEAR**

1. **ALIGN & PEEL 1**

- Open your Qube Clear tray
- Locate "Peel 1" on your seal and peel away to expose the adhesive strip
- Using the two locator corners on the tray line up and attach the seal
- Smooth over the top of the adhesive

2. **PEEL 2**

- Remove "Peel 2" on the seal to expose the remaining adhesive
- Smooth down the seal over the tray
- Use your roller to roll the card.
- Ensure rolling has made the pull tabs prominent from the seal

3. **INSERT**

- Add the paper insert into the lid to finish assembling
